

3 EASY  
WAYS TO  
SIMPLIFY  
YOUR  
CLOSET

1

### **IDENTIFY YOUR CLOTHING NEEDS**

Write down what you actually need clothes for. Do you need specific clothes for work? How do you spend your weekends, and what does your social life look like? Start paying attention to the occasions you dress for regularly; it will help you identify what clothes you truly need in your wardrobe.

2

### **FOCUS ON OUTFITS OVER INDIVIDUAL ITEMS**

Every day, you need to get up and put on an outfit. By focusing on creating actual outfits, you will know what pieces go best together and will always have something to wear. Once you have identified your clothing needs, you can create outfits based on those needs so you aren't left scrambling at the last minute to find something to wear.

3

### **KEEP A 'TO GET' LIST**

Knowing exactly what pieces you want to add to your wardrobe to elevate or complete your outfits helps you shop with intention and avoid wasting money on items you never wear. Be very specific about what you need and stick to the list when you shop!
